## 5. Cancellation of announcements

If a player announced herself for a WET event and paid the entry fee it is allowed to cancel the participation without losing the entry fee. The cancellation will be accepted if the cancellation is sent by writing minimum one week before the accreditation start of the event to the tour manager.

The paid entree fee will then be forwarded to the next event or can be paid back to the player. Cancellations within one week of the accreditation start of the event, can only be accepted if the player is sick or have an accident or an occurrence in that direction. All cancellations within a week of the accreditation start of the event need a certification from a doctor or police in order to make sure that the entree fee is not lost.

If all documents are provided in due time (max. 3 weeks after the cancellation) then the entry fee will be forwarded to the next event or returned to the player.

In all other cases with exception of the above (1.3.) the entry fee will not be returned and therefore is lost.

EPBF/IBPF reserve the right to issue or decline a refund.

If a player announces for the event and chooses to pay on arrival but fails to show, the payment is still binding as no official cancellation was received. The player in question will then be put on the so called „black list“ which means that the open amount entry fee first has to be paid before the player in question can enter a next WETx event.

## 6. Participation eligibility

Players representing nations in which there is no National Federation can apply for a direct membership to the EPBF. The EPBF board need to be contacted with the request to become a direct member.

After each WET stop the new ranking list will be updated on the WET website. From the last 6 tour stops, up to 5 results will be used to form the rankings.

## 12 Tournament leader

The IPBF/EPBF will have one official tournament leader present at the venue for the duration of the event. The players are responsible for match scoring through the equipment supplied and are responsible for calling the referee when needed.

## 13. Time limit

In order to better control the schedule of an event, a shot clock can be implemented at any time during or even at the start of a match and is down to the TL's discretion. After enforcing the shot clock the time for each shot is 35 seconds, with a warning after 25 seconds. Each player will be allowed one 25-second extension during each rack. The shot clock will be started when all balls come to rest, including spinning balls. The shot clock will end when the cue tip strikes the cue ball to initiate a stroke or the when player's time expires from the shot clock. If a player runs out of time, it will be a standard foul.

Shot clock will be automatically implemented from the beginning of the Semi Finals and Final matches. This is due to the fact that a TV production will be made of these matches.

## 14. No show

Players must be at the venue and ready to play their assigned match 30 minutes before the appointed match time (appointed match time is the time mentioned at each match on the flowchart). If a player is late for his appointed match time (which is 30 minutes before the time mentioned at the flowchart), he will have a maximum of twenty minutes to report to his assigned table ready to play or he will lose the match. If a player is not present and ready to play at the moment that the match is assigned and called to the table the following procedure is in force. 6 minutes late = 1 game to the opponent, 11 minutes = 2 games, 16 minutes = 3 games. When 20 minutes have elapsed the game is forfeited. Tournament officials are the only ones who have the power to implement this.

If a player is not present within 20 minutes following the official announcement of his/her match, this match will be forfeited. Should this happen in the winner's bracket of a double elimination system, he/she will be placed in the loser's bracket. Otherwise such player is disqualified. Should both players in one and the same match in the winner's bracket arrive too late, both of them will be disqualified since both of them cannot use the one and only existing spot in the loser's bracket.

## 15. Tapping of Tables

At the Eurotour, the tables are tapped. In 9-ball the position of the racked balls will be moved upwards so that the 9-ball is placed on the spot. Players must never tap the tables; only tournament officials should tap or re-tap the racking area if required.

## 16. Magic Ball Rack Regulations

### 16.1. Magic Ball Rack Usage

The Magic Ball Rack can be used for the disciplines: 8-ball, 9-ball and 10-ball. In 14/1 it's not allowed to use the Magic Ball Rack.

The table must be marked before the tournament has started. A Vertical line must be drawn for the positioning of the Magic ball rack. This line must be long enough to pass through the top and bottom holes on the magic ball rack.

### 16.3. Removing of the Magic Ball Rack

After the break, the Magic Ball Rack must be removed by the referee from the table as soon as possible without disturbing any of the balls. If a referee is not present and there are balls obstructing the removal of the Magic ball rack, the opponent must be the one to remove the Magic Ball Rack. If there are no obstructions, the player at the table may remove the magic ball rack without the opponent interfering.

With or without a referee present, the magic ball rack can only be removed if not more than 2 balls are an obstruction in its removal. Exception to this rule applies if 1 or more balls are frozen and obstructing the removal, in this case the magic ball rack stays in place until such time that the frozen balls are no longer an obstacle in the removal of the magic ball rack.

With the removal of the magic ball rack, the referee or opponent may use markers in the form of ball markers or chalk blocks which are at their disposal to mark the obstructing balls. The Magic ball rack must be placed in its required spot away from the playing area including the rails and the balls placed back into their original position.

#### 16.4. Fouls involving the Magic Ball Rack

Once the Magic ball rack is removed from the playing surface, it can not interfere with the game i.e. It will be considered a foul shot if the template is lying on the rail and a ball (Cue or object ball touches the template that is lying on the rail)
